**Title:** Marine Funding Support to LPA Commanders

**Log Number:** 65 13/06/2018

## Executive Summary

To provide seed funding to support the establishment of a new East Cornwall LPA Marine Team.

The marine industry in Cornwall contributes £500 million to the local GDP. Just one port, Fowey has 900 moorings, around 5,500 visiting yachts a year, exports/imports a million tons of cargo a year on 180 ships from all over the world. In 2018 there will be 6 cruise liner visits.

Funding support is being provided for training and equipment for Officers to enable the establishment of an East Cornwall LPA Marine Team. The Team – which will include members of the special constabulary will connect with and engage the local marine community. The team will be connecting with Coastal Communities and specifically those who live, work and visit the marine environment. This will include watch organisations and partner agencies such as Harbour Authorities, Environment Agency, Inshore Fisheries Conservation Authorities, HMCG, UKBF, MOD-Police, NCI, and RNLI amongst others.

They will:

- Undertake crime prevention, detection, and engagement patrols in the maritime and coastal environment.
- Support watch organisations by attendance at their meetings and maritime related public events.
- Offering an expert point of contact with knowledge and expertise in their particular maritime environment to support, advise and reassure.

The supplied funding will enable the team to operate in compliance with relevant and updated codes – funding does not cover the provision of a vessel which is being provided free of charge to the police.

Officers will be available to deploy within the marine environment including through use of coded police vessel which is being utilised free of charge.

Funding support in the sum of £4786.93 will be provided from the Police and Crime Plan delivery budget to East Cornwall LPA for this initiative.
